Jenne PERLSTEIN

Warrk-Warrk WARD
Merri-Bek City Council

Victorian
Labor

My name is Jenne Perlstein, and I'm honored to be the Labor-endorsed candidate for Warrk-Warrk Ward in the October Merri-bek Council elections. Having lived most of my life in Merri-bek, including 31 years in Brunswick East, I understand our community's needs and am passionate about creating a better future for all.

Here is what I hope to achieve together:

I will work to improve local infrastructure by ensuring resources are committed to keep streets clean, footpaths maintained, and public spaces accessible. Supporting volunteer sporting clubs, community groups, and greening our streets will help foster social connection and address climate challenges.

I'll advocate for better communication from Council and resourcing to ensure timely responses and collaboration between departments. I will focus funding for traffic management, street safety, and separating pedestrians, bikes, and cars for a safer, more efficient area.

Creating a more inclusive community is vital. I'll focus on social cohesion by addressing racism, sexism, ageism, LGBTQIA+ rights, and loneliness. Expanding accessible tram services and improving East-West bus routes are key priorities.

Affordable housing must fit the area's character. I'll ensure developments consider aesthetics, parking, and height limits to maintain our unique community.

I'm committed to being accountable to you. Together, we can create a vibrant, inclusive, and sustainable Merri-bek.
